Materials guide list

Always buy the best you can afford - photographs and paper are supplied

- Soft pastels, as many colours as you can manage
(Unison/Jaxell/Sennelier or similar - not oil pastels)
- Soft pastel pencils - CarbOthello is my choice, as many colours as you can manage but definitely black and white, these are needed for detail
- 12" ruler
- 2B Graphite pencil
- Pencil eraser
- Few sheets of kitchen roll

If you have a good quality A4 photocopy of a portrait you would like to draw, please bring it along and we can try and use that as your reference. Please make sure this is a copy as we may be drawing on top of the reference.

Join me for a relaxed and casual day introducing you to portraits in pastel.

Over the day you will learn how to use your soft pastels and explore how pastel works on velour pastel paper, learn techniques including how to achieve a smooth coverage on paper.

Using photographs as a reference we will transfer an image to your paper and apply the techniques learnt to work on a finished pastel picture, using your pencils to add all those lovely fine details to finish.

You may not finish your picture but you will have all the knowledge to finish it at home.
