**Covid measures will be in place during the classes including mask wearing**

Join me for a relaxed and casual 6 week course introducing you to black paper. During the weeks you will get used to how the pencils and pastels work on black, then using photographs as a reference you will learn how to transfer an image to your paper and apply the techniques learnt. Using black paper gives dramatic effect and you can use minimal colours to make your picture come to life. It's a great 'colour' paper to experiment with, so come along and have fun discovering it!

*Refunds will only be issued if Jacqueline is unable to take the class or your paid space can be taken up by another student on the waiting list if the class is full.*
