### Materials guide list

*Always buy the best you can afford - photographs are supplied*

- Tin of 12 Faber Castell Polychromos Colour Pencils (or more if you are able)
- 'Bristol' smooth white paper (cartridge is fine but the smoother and whiter the better)
- Drawing board
- 12" ruler
- Pencil eraser
- Pencil sharpener
- Masking tape

Covid measures will be in place during the classes including mask wearing

Join me for a relaxed and casual course learning the basics of coloured pencils.

We will explore how pencils are used in drawing flat coverage, colour mixing, tonal values and all the techniques required to give you confidence to produce coloured pencil pictures to be proud of. Patience is required - it's a slow process!

Using photographs as a reference you will learn how to transfer an image to your paper and apply the techniques learnt to produce small illustrations. By the end of the course you will have more confidence and knowledge of the basics of coloured pencils.

*Refunds will only be issued if Jacqueline is unable to take the class or your paid space can be taken up by another student on the waiting list if the class is full.*
