Join me for a relaxed and casual 6 week course learning how to use graphite pencil for drawing objects, animals, people and more!

Over the weeks you will do exercises including hatching, shading and tonal values.

Using photographs as a reference you will learn how to transfer images onto your paper and apply the techniques learnt to work on your pencil illustration. We will move on to adding features, shade in texture and complete with detail. Come and have fun with pencil!

Refunds will only be issued if Jacqueline is unable to take the class or your paid space can be taken up by another student on the waiting list if the class is full.
